Lanberg

NC-0150-WE

WIRELESS NETWORK CARD N150

PRODUCT FEATURES:

- External detachable antenna increasing the speed and stability of Wi-Fi,
- Design enabling the replacement of the antenna for a model with greater energy gain,
- Easy to install and configure with drivers provided on CD,
- Support for WPS 2.0, WPS-PIN, WPS-PBC,

PRODUCT SPECIFICATION:

Communication	Wireless
Wi-Fi standard	802.11n
Connectors	USB Type-A
Transmission speed 2.4Ghz	150 Mbps
Maxiumum network link speed	150 Mbps
Standard	USB
Wireless standards	Frame aggregation, IEE 802.11b/g/n 2.4GHz, IEEE 802.11e, IEEE 802.11i, Short Guard Interval
Operation modes	Client
Chipset	Realtek – RTL8188ETV
Antenna type	External - detachable (RP-SMA)
Number of antennas	1
Antenna power	3 dBi
Environment temperature	from 0 up to 40 °C
Environment humidity	from 10 up to 90 %
Software	Yes
Supported Operating Systems	Linux, MAC, Windows XP, Windows Vista, Windows 7, Windows 8, Windows Vista 64bit, Windows 7 64bit, Windows 8 64bit, Windows 10, Windows 10 64bit
Dimensions	47,7 x 18,3 x 8,6 mm
Weight	17 g
